This special location is home to Fortress Gardens, the latest addition to Tignü Point Residences. At 11 storeys, the views from each floor are spectacular. The building caters to the most discerning resident, with 5-star services including a concierge service, 24-hour security, private gym, swimming pool, communal beach club, landscaped gardens and wellness centre. The magnificent designer homes within are highly finished with private elevator access and foyers. These phenomenal apartments have generous proportions with lofty ceilings and apertures, each offering spacious terraces with sweeping views over the open sea, making the enviable Mediterranean lifestyle a reality. The luxury residences range between studio, 2 or 3-bedroom options with open-concept living spaces, all flooded with natural sunlight thanks to the floor-to-ceiling windows, the definition of modern elegance. Located on the prestigious peninsula of Tignü, a historic location dating back to the 15th century, the SDA development has been attracting investment since its conception because of its proximity to the hub of retail and recreation on the island, The Point shopping mall and the surrounding facilities and amenities in the area. While the breathtaking views of the historic fortified capital city and beyond, Mediterranean sea are, of course a huge draw.
